

**900 Worcester FRP Planning Committee**

**Aquatic Facility Subcommittee**

**Sept 27th, 2012**

**7:30PM at Warren Building Room 110**

**Attending:**

Mr. Matthew McKay, Ms Debbie Carpenter, Mr. Don McCauley, Ms Jan Kasetta, Ms Suzy Littlefield, Mr. Miguel Lessing. Mr. Jim Conlin. Two guests also attended: Mr. Keith and his son Jake Wexelblatt.

Meeting opened at 7:35PM

**Subjects discussed**

Discussed the change the Subcommittee's name to "Aquatic Facility Subcommittee".

Discussed the general character of the pool facility as one to serve multi-generations and have an inviting atmosphere. It was described to preferably include a competitive area, have therapy offerings and a tykes' area.

The group was informed that the survey form to identify the interests of the Wellesley population as it relates to an aquatic facility is to be mailed out with the utility bills starting on November 9. A general announcement informing about the survey and the option to fill it out via electronic form was to precede the actual mailing.

Additional dates for the subcommittee members to visit aquatic facilities in the New England region will be set up.

General information was provided on the identification of consultants to define possible programs, financial models and basic feasibility/engineering studies and consulting cost estimates for use by the 900 Worcester FRP Planning Committee presentation to the BOS meeting in December.

**Next Meeting**

A next meeting will be set up shortly.

Meeting adjourned at 8:45pm.

Respectfully submitted,

Miguel Lessing
